

Pre-Move and Post-Move Inspections

(For Buildings Moved In)

A **Pre-Move** Inspection:

- Identifies what items need to be corrected in order to bring the building up to NBC minimum standards. Note that many existing homes do not meet Code.
 - According to *The Uniform Building and Accessibility Standards Act*, Section 7(1) states:
*Subject to subsections (2) and (3), the owner of each building in Saskatchewan shall ensure that the building is designed, constructed, erected, placed, altered, repaired, renovated, demolished, **relocated**, removed, used or occupied in accordance with the building standards.*
 - Once any structural change is made to a building (i.e. relocation) the building standards apply. The Pre-Move inspection identifies what these NBC requirements are so that the owner can make an informed decision before purchasing and/or moving the building.
 - The pre-move fee is a small price to pay if an owner learns that it will cost thousands (if not tens of thousands) of dollars in upgrades once moved in order to meet the minimum standards.
- Determines if the structural integrity of the building can withstand the move.
- Confirms if the building meets the bylaws of the municipality it is being moved to.
- Communicates to the municipality, through information and photos, so that Council can make an informed decision about approving or rejecting the building.

If it is a newer building that has already had NBC inspections done during the course of construction, then PBI may request and review the inspection reports. If it is a RTM or modular home that was constructed out of province or country, then a compliance certificate issue number (from CSA, Intertek, QAI or equivalent) is required indicating that the home was built to CSA-A277 standards.

If approved by Council, a building permit is required for the **Post-Move** inspections:

- **Plan Review** to ensure that the placement of the building on the property meets local building bylaws and NBC requirements. If a deck, attached garage and/or basement development is also being constructed with a dwelling, then a plan review for these projects will be done. These projects are included with the permit only if the plans are provided at the plan review stage. If not, then a separate building permit will need to be taken out for each project built at a later date.
- **Foundation** inspection prior to pouring the concrete foundation walls to ensure they comply with the site-specific, engineer stamped foundation designs (or prior to backfilling if it is a wood foundation.)
- **Anchoring** inspection prior to backfilling to check the anchoring of the building to the foundation.
- **Framing** inspection is required prior to insulating if there is an insulated attached garage or basement development.
- **Occupancy/Final** inspection prior to moving in or sleeping overnight. All NBC life safety items listed in the Pre-Move inspection report and/or Plan Review must be completed before moving in. If all interior and/or exterior work is not yet completed, then a **Final Re-Inspection** will be required in order to close the permit.

Residential Project Type

REQUIRED for a Plan Review (A shaded box means <u>not</u> required.) Provide designs and required documents in PDF format as indicated by the unshaded boxes for the project. A plan review must be completed by PBI <u>before</u> a building permit is issued. E-mail plans and documents in PDF format to the municipal office. <i>Requirements may vary for some projects. Please consult with PBI.</i>	New Dwelling / Housing Unit	RTM / Modular / Post-Move	Mobile (Manufactured) Home	Addition / Living Space / Sec. Suite	Renovation (structural or egress)	Basement Development	Deck (not covered or enclosed)	* Attached Garage (unheated)	* Det Garage / Acc. Bldg. (unheated)	* Pole Building (unheated)	Retaining Wall (if collapse affects a structure)	Foundation Replacement	Solar Panels (PV or Hot Water)
Site Plan (eg. lot size & shape; indicate North; project size on lot, distance to all property lines, indicate what borders each property line, label streets, etc.)													
Building Plans (eg. floor plans, exterior elevations, cross sections, structural details, window & door types, sizes & locations, stair configurations, material lists, specs, etc.)													
Energy Code Forms (applicable to compliance option, code edition & climate zone)													
Building Designs stamped by an engineer (project specific for intended use*)													
Foundation Designs stamped by a structural engineer (site specific)													
Geotechnical Report (if required by zoning bylaws or engineer recommendation)													
Manufacturer's Blocking Chart and anchorage details													
PBI Specifications sheet (plus all information requested in the sheet(s))													
Information Below is Required BEFORE THE FRAMING INSPECTION													
Engineer-stamped roof truss designs & layouts (NBC compliant)													
Engineer-stamped floor truss and/or LVL designs & layouts													
Fireplace or Wood Stove Manufacturer Specifications													
Residential Mechanical Ventilation Design Summary													

* Storage only - no living space & unheated

*** Pole Building** (Please detail intended use. Note if vehicles will be repaired in the building, if building is for personal or business use, if heated, etc.)

E-MAIL CONSENT FORM

Consent to the e-mail delivery of PBI reports and related documents pertaining to this building permit is given to the following individuals involved in the construction project (note that owners should always include themselves on this form):

Title (Eg. Owner, Contractor)	Individual's Name	E-mail Address
Owner		

- Please note that failure to receive an e-mailed report or related document does not release the property owner(s) from their responsibility to comply in all regards with the building standards (Saskatchewan Uniform Building and Accessibility Standards Act, municipal building bylaws, and National Building Code of Canada).
- I declare that I am the **owner of this property** and I will notify PBI of any e-mail changes, if applicable.
