

Engineering Technologist

Location: Rural Municipality of Edenwold No. 158, Saskatchewan

Employment Type: Full-time Permanent

Department: Engineering

About Us

The RM of Edenwold is a growing and diverse municipality that is committed to providing a high quality of services for residents. Our team plays a key role in supporting vibrant communities, thriving agriculture, and dynamic business districts. Located along major highways, we are a hub for development and innovation – making your work impactful and rewarding.

Role Overview

The RM of Edenwold is seeking a detail-oriented and organized individual to serve as our Engineering Technologist. This position plays a key role in supporting the Manager of Engineering and Public Works in day-to-day duties such as project delivery, site inspections, drawing reviews, technical report writing, and various other administrative duties.

Key Responsibilities

- Provide technical support and analysis related to roadways, drainage, water and wastewater utilities.
- Review engineering plans and reports and provide technical analysis and comments.
- Develop and review standards, specifications, processes and manuals.
- Research and evaluate the application of industry best practises related to infrastructure management
- Provide project management support for the execution of capital projects.
- Assist in data management of infrastructure through asset management software and records management.
- Effectively communicate in verbal and written form with ratepayers, staff, contractors, regulators, and Council.
- Support the Manager of Engineering and Public Works as needed.

Education & Qualifications

- Graduation from a two-year, post-secondary civil, mechanical, drafting or geomatics technology program.
- Certification, or eligibility for certification, as a Professional Technologist (P.Tech) with Technology Professionals Saskatchewan. Must register and maintain registration under Saskatchewan Applied Science Technologists and Technicians (SASTT).
- Knowledge of drafting and surveying technology practices and techniques.
- Ability to create, and modify drawings, analyze data, and prepare designs using AutoCAD.

- Ability to analyze, evaluate, and prepare a wide variety of reports, plans and specifications.
- Ability to acquire and apply knowledge of Municipal policies and procedures, and legislative and regulatory requirements.
- Proficiency in the Microsoft Suite of Professional Office Software (Excel, Word, PowerPoint, and Access).
- Ability to work independently and prioritize tasks
- Professionalism, discretion, and sound judgment when handling sensitive information

Compensation

Competitive compensation will be determined by qualifications and agreed upon during the contract negotiation process. The approved annual salary range for the position is set between \$50,000 to \$65,000.

How to Apply

Qualified candidates should submit a resume and cover letter to the RM of Edenwold No. 158 by:

- **Email:** info@edenwold-sk.ca
- **Mail or In-Person:**
 - RM of Edenwold No. 158
100 Hutchence Road
Emerald Park, SK S4L 1C6
- **Fax:** 306-347-2970

Deadline

Applications will be accepted until **4:00 p.m. on Friday, March 13, 2026.**

We thank all applicants for their interest. Only those selected for an interview will be contacted.
