

DIVISION 2 CANDIDATE PROFILE

Ashley Fullerton

My name is Ashley Fullerton; I am a farmer, business professional, and resident of the RM of Edenwold. I farm alongside my husband, Mark, and we are raising our two children in a place we are proud to call home.

I am a Bid Management professional specializing in tenders and proposals for Crown corporations. I spent three years providing administration services to the White Butte Emergency Measures Organization (EMO) and White Butte Fire Commission, where I gained first-hand experience working within municipal and emergency-services environments. I am actively involved in my community, currently serving as Administrator for the White Butte Arena Development Committee.

I am working towards my Advanced Certificate in Local Government Administration and hold a BA in English and Sociology from the University of Regina. I have achieved certification through the Association of Proposal Management Professionals (APMP) and my passion for learning has led to additional education in financial accounting, economics, and construction safety.

As a Bid Management professional, I will work hard to govern responsible decision making and help bridge gaps between administration and council. I bring professional experience and a genuine commitment to serving the RM of Edenwold.
