Building Permit Application

Civic Address:	Subdivision:	Permit Number:
----------------	--------------	----------------

Legal Land Description: Lot _____ Block _____ Plan _____ Quarter _____ Section _____ Township _____ Range _____ W2M
--

Owner:	Address: _____ City/Town _____ Postal Code _____	Telephone: Cell:
Building Contractor:	Address: _____ City/Town _____ Postal Code _____	Telephone: Cell:

Floor Area:

Ground Floor: _____ ft ² or m ² (circle one)	Second Floor: _____ ft ² or m ² (circle one)	Basement: _____ ft ² or m ² (circle one)	Accessory/Other: _____ ft ² or m ² (circle one)
--	--	--	---

Building:

Estimated Value of Construction:	Length: _____ ft or m (circle one)	Width: _____ ft or m (circle one)	Height: _____ ft or m (circle one)
----------------------------------	--	---	--

Read Through and Initial After Each Statement:

I have submitted a site plan indicating the location of all property lines, all existing and proposed buildings, the distances between all property lines and the closest wall of the nearest building, the location of all existing and proposed roads and a north arrow to establish the orientation of the site plan. _____

I hereby agree to comply with the Building Bylaw of the municipality and acknowledge that it is my responsibility to ensure compliance with the municipal building bylaw, provincial legislation, and the National Building Code of Canada, regardless of any review of drawings or inspections that may or may not be carried out by the inspector. _____

It is expressly understood that the municipality requires building inspections to be called for at various stages of construction, as outlined in the building bylaw, and that it is my responsibility to contact the municipal building inspector at the required intervals of construction will result in deductions from the occupancy deposit, in part or in whole, additional inspection fees, the issuance of stop work order, and/ or other action outlined in the municipal building bylaw. _____

I understand that this permit expires six months from the date of issue if work is not commenced within that period, or two years from the date on which the permit was issued; and any deviation, omission or revision to the approved application requires approval of Council, or its authorized representatives. _____

I understand that additional inspection fees may be charged for extra inspections, non-scheduled inspections and re-inspections. _____

I understand that the RM will obtain this property Title at my expense if I do not provide a copy to them at the time of application. _____

Date of Application Owner of Authorized Agent (print) Owner/Agent (sign)

Please plan on applying for a building permit 4 to 6 weeks before construction is set to begin to allow time for our Building Official to review the application.

Pre-Move and Post-Move Inspections

(For Buildings Moved In)

A **Pre-Move** Inspection:

- Identifies what items need to be corrected in order to bring the building up to NBC minimum standards. Note that many existing homes do not meet Code.
 - According to *The Uniform Building and Accessibility Standards Act*, Section 7(1) states:
*Subject to subsections (2) and (3), the owner of each building in Saskatchewan shall ensure that the building is designed, constructed, erected, placed, altered, repaired, renovated, demolished, **relocated**, removed, used or occupied in accordance with the building standards.*
 - Once any structural change is made to a building (i.e. relocation) the building standards apply. The Pre-Move inspection identifies what these NBC requirements are so that the owner can make an informed decision before purchasing and/or moving the building.
 - The pre-move fee is a small price to pay if an owner learns that it will cost thousands (if not tens of thousands) of dollars in upgrades once moved in order to meet the minimum standards.
- Determines if the structural integrity of the building can withstand the move.
- Confirms if the building meets the bylaws of the municipality it is being moved to.
- Communicates to the municipality, through information and photos, so that Council can make an informed decision about approving or rejecting the building.

If it is a newer building that has already had NBC inspections done during the course of construction, then PBI may request and review the inspection reports. If it is a RTM or modular home that was constructed out of province or country, then a compliance certificate issue number (from CSA, Intertek, QAI or equivalent) is required indicating that the home was built to CSA-A277 standards.

If approved by Council, a building permit is required for the **Post-Move** inspections:

- **Plan Review** to ensure that the placement of the building on the property meets local building bylaws and NBC requirements. If a deck, attached garage and/or basement development is also being constructed with a dwelling, then a plan review for these projects will be done. These projects are included with the permit only if the plans are provided at the plan review stage. If not, then a separate building permit will need to be taken out for each project built at a later date.
- **Foundation** inspection prior to pouring the concrete foundation walls to ensure they comply with the site-specific, engineer stamped foundation designs (or prior to backfilling if it is a wood foundation.)
- **Anchoring** inspection prior to backfilling to check the anchoring of the building to the foundation.
- **Framing** inspection is required prior to insulating if there is an insulated attached garage or basement development.
- **Occupancy/Final** inspection prior to moving in or sleeping overnight. All NBC life safety items listed in the Pre-Move inspection report and/or Plan Review must be completed before moving in. If all interior and/or exterior work is not yet completed, then a **Final Re-Inspection** will be required in order to close the permit.

Airtightness Certificate

Box 517 Stn. Main
 White City, SK S4L5B1
 Ph: 306-536-1799
 Fax: 306-781-2112

Complete this form when the chosen energy efficiency design compliance path requires a verified post construction airtightness test:

- Tiered prescriptive achieves points through Table 9.36.8.8., or
- Tiered performance has an air-leakage rate of less than 3.2 ACH@50 Pa.

Building Address: _____

Legal Address: Lot: _____ Block: _____ Plan: _____ Subdivision: _____

Permit Application Number: _____

Conditioned Space Volume (m³): _____

Airtightness Declaration:

Input parameters:	Reference Value	Proposed Value	Actual
Airtightness (air changes per hour @ 50 Pa)			
Airtightness Design Units (circle one)	<input type="checkbox"/> ACH ₅₀	<input type="checkbox"/> NLA ₁₀	<input type="checkbox"/> NLR ₅₀
Zone Method (circle one)	<input type="checkbox"/> Guarded	<input type="checkbox"/> Unguarded	
Airtightness performer information:			
Name:	Company:		
Phone:	Email:		

I certify that I am knowledgeable, experienced and trained in the airtightness testing equipment and methodology. Testing has been completed in accordance with CAN/CGSB-149.10-M and meets or exceeds the expected results of the proposed model or design.

Signature: _____ Date: _____

Completed certificates must be submitted to office@pro-inspections.ca prior to Insulation and Vapour Barrier inspection.

Tiered Performance Compliance

Section 9.36 of the National Building Code of Canada

This form is intended to clarify the compliance with Section 9.36, Tier 2 performance path.

Must be completed by a competent person who is knowledgeable, experienced and trained in building design under Section 9.36 of the NBC and acceptable to the Authority Having Jurisdiction.

Address	
Occupancy Class	
Conditioned Space Volume (m³)	

Performance Compliance Path 9.36.5. & 9.36.7.

Available only to houses with or without secondary suites, buildings that contain only dwelling units and common spaces whose total floor area does not exceed 20% of the total floor area of the building.

Input parameters (not required for EnerGuide compliance)	Reference Model	Proposed Model
Airtightness Level (air exchanges per hour @ 50 Pa)		
Heat Loss/Heat Gain		
HRV efficiency		
Thermal mass (MJ/m ² ·°C)		
Ventilation rate (l/s)		
Fenestration and door to wall ratio (FDWR) – reference (%)		
Direction of front elevation (clearly circle one)	N NE E SE S SW W NW	N NE E SE S SW W NW
Area of windows and doors	Front elevation (m ²)	
	Rear elevation (m ²)	
	Left elevation (m ²)	
	Right elevation (m ²)	
	Total area of windows (m ²)	
	Total area of opaque doors (m ²)	
Energy use (GJ)		
Software Information		
Software title	Version	
Is software Hot2000 or ANSI/ASHRAE 140 compliant? Modelling summary reports generated for both the reference and proposed houses are required to be attached.		Yes / No

Where the air-leakage rate is a value less than 3.2 ACH@50 Pa, an airtightness test is required to be conducted. Provide the Airtightness Certificate to Office@pro-inspections.ca once complete (required prior to Occupancy inspection).

Third Party Costs Acceptance Form

I, _____ of _____
(please print name) (city, province)

do hereby authorize the Rural Municipality of Edenwold No. 158 to invoice third party costs to me in accordance with the Planning Fees Services Bylaw, which states that the Applicant shall be solely responsible for all of the costs associated with:

1. Fulfilling public notification requirements, including the cost of advertising and notifying stakeholders;
2. Engagement of required planning, engineering, legal, or other professional expertise necessary to review an application and/or implement Council's decision, including the cost of preparing agreements;
3. The cost per parcel to view land titles and plans of subdivision of the property proposed for development, amendment, or subdivision; and
4. Registration of an interest on the title of the property proposed for development, amendment, or subdivision as prescribed by the Information Services Corporation (Land Titles).

The information on this form is being collected under the authority of Section 27(a) of the *Local Authority Freedom of Information and Protection of Privacy Act* and will be used solely for the purpose of invoicing costs to the Applicant regarding their application.
